

## **IT Support Intern at IFS**

**Dear Hiring Team at IFS,**

I am excited to apply for the IT Support Intern position at IFS. As a dedicated and detail-oriented individual pursuing a degree in Software Engineering at the University of Bedfordshire (SLIIT City Campus), I am eager to leverage my technical expertise and problem-solving abilities to contribute to your globally recognized team.

With a strong foundation in Microsoft services, networking, and IT infrastructure, I have hands-on experience troubleshooting end-user IT equipment such as laptops and monitors. My passion for technology extends to software installations, diagnosing system issues, and providing client support, making me well-suited for this role. Additionally, my familiarity with Mac OS, ITIL principles, and incident/request management enhances my adaptability in diverse IT environments.

What excites me most about this opportunity is the chance to work alongside industry experts in a fast-paced, global environment. IFS's commitment to innovation, AI-driven solutions, and inclusivity aligns perfectly with my career aspirations. I am eager to collaborate with your team, improve my technical proficiency, and contribute to delivering high-quality IT support to employees worldwide.

I would welcome the opportunity to discuss how my skills and enthusiasm align with this role. Thank you for your time and consideration—I look forward to the possibility of joining Team Purple and making an impact at IFS.

**Best regards,  
Minura Jayasingha**
